Enprotec / Hibbs & Todd, Inc. Adds Two Project Managers to Abilene Office

ABILENE, TEXAS (October 1, 2009) - Enprotec / Hibbs & Todd, Inc. (eHT), a civil, environmental and geotechnical engineering firm established in 1989 proudly announces the addition of two Project Managers to our Abilene Office. The hires bring the firm to a total of 60 employees with five office locations in Texas.

Mark Sapyta, PE has over 25 years of experience in construction and engineering with 15 years of experience in project engineering of facilities, process and equipment design and operation of engineered systems. His industry experience includes municipal, nuclear, chemical, pharmaceutical and hazardous waste. He is a Registered Professional Engineer in Texas, South Carolina, North Carolina and Florida. He earned a Bachelor of Science in Thermal and Environmental Engineering from Southern Illinois University. He previously worked as a Resident Engineer for Carrollo Engineers in Mississippi.

Iqbal Hossain, PE has 10 years of experience in water supply and treatment, wastewater collection and treatment and hydraulic structures and pumping stations. He is a Registered Professional Engineer in Texas and Florida. He earned a Master of Science in Civil Engineering from the University of Texas at Arlington and a Bachelor of Science in Civil Engineering from Bangladesh University of Engineering & Technology. He previously worked as a Senior Engineer and Project Manager for AECOM in Florida.
